Dear Governor Lorena Cuéllar Cisneros,

I am deeply concerned about the safety of journalist Alberto Amaro Jordán, director of La Prensa de Tlaxcala. On 4 May 2026, he received death threats against himself and his family because of his work.

Alberto Amaro Jordán has faced several serious attacks in the past and was forced to leave Mexico from September 2024 to September 2025 due to safety concerns. He has also reported failures in the protection measures provided to him by the Federal Protection Mechanism. These ongoing threats in a country already dangerous for journalists are unacceptable. Lack of action only increases fear and insecurity.

Therefore, I urge the Government of Tlaxcala to act urgently to ensure Alberto Amaro Jordán's safety, properly investigate the threats against him and his family, and protect freedom of the press.

Yours sincerely,

Dear President Randrianirina,

I am deeply concerned about former senator and presidential candidate Sylvain Rabetsaroana. On 14 March 2026, armed forces raided his home in Antananarivo without a warrant, destroyed CCTV cameras, and denied him access to his lawyer. He was detained without explanation and, on 27 March, charged with serious offences, including illegal possession of firearms and allegedly attempting to assassinate you.

This case appears politically motivated. Evidence may have been planted, and an investigating officer reportedly admitted the case lacked substance, but "was ordered from above". Since October 2025, there has been a broader pattern of repression against critics and former officials.

Rabetsaroana is held in overcrowded pretrial detention, and his health is deteriorating due to a heart condition. His family has faced intimidation and fled the country.

I urge you to drop all charges and release him immediately.

Yours sincerely,

Amsterdam, July 2026

Dear HH Sheikh Saif bin Zayed Al Nahyan,

I am concerned about Mohammed Farouk Salman Mahmoud, a Sudanese political activist detained in the UAE since 19 January 2025.

He was arrested at Dubai Airport, held incommunicado, and is now detained in Al Sadr Prison in Abu Dhabi. Despite claims in April 2025 that he is being investigated for insulting the head of state, he has still not been formally charged or brought to trial. His detention is arbitrary and violates his rights. At the time of his arrest, he was recovering from major surgery, raising serious concerns about his health.

I urge you to immediately and unconditionally release him. Pending release, ensure access to his family, lawyers, and medical care.

Yours sincerely,
